

Alvina Methre is a passionate and dedicated pre-primary educator with two years of experience teaching nursery, junior KG, and senior KG students at Mar Thoma Vidyapeeth. She completed her ECCEd diploma from Vidya Nidhi College in 2025, where she developed expertise in designing engaging and educational activities for young learners. She is currently pursuing her third year of graduation.

In addition to her teaching career, she gained practical healthcare experience during her second year as a nurse in a hospital, focusing on patient care, including bandaging and wound dressing.

She believes that in order to teach children effectively, one must first become their friend. She takes great pride in teaching rhymes and stories, fostering a warm and trusting relationship with her students to create a nurturing environment.

hobbies, including dancing and crafting, are integral to her teaching style. She incorporates these creative activities into her classroom to make learning fun and interactive.

goal is to create a positive and supportive learning environment that fosters creativity, builds confidence, and equips children with essential life skills.
