

My name is Cynthia Bentuiliary Rodrigues . I am delighted to be your child's kindergarten teacher. I began my career in 2007, and with 17 years of experience in early childhood education, I have had the privilege of helping young learners build a strong foundation for their future. I hold qualifications in Early Childhood Education and Development (EECD) and Montessori training from Little Angel Institute in Dombivli. These have equipped me with the skills to create a nurturing, stimulating, and child-centered learning environment. Over the years, I have had the privilege of nurturing young minds, helping them grow emotionally, socially, and academically.

I believe that every child is unique, and I strive to create a warm, supportive, and engaging environment where they feel safe and excited to learn. My approach focuses on fostering creativity, curiosity, and confidence in every child.

"My goal as a teacher is to nurture the holistic development of every child by creating an engaging, inclusive, and supportive learning environment. I aim to inspire curiosity, foster a love for learning, and instill values such as empathy, respect, and perseverance. By addressing the unique needs and abilities of each student, I strive to empower them to reach their full potential academically, socially, and emotionally, preparing them to become confident, responsible, and compassionate individuals who contribute positively to society."

In my free time, I enjoy to listen konkani music,singing konkani hymns, collecting unique items, traveling, and cooking. As a person, I have a calm and quiet nature, which helps me connect with children in a warm and understanding way.

I am excited to embark on this learning journey with your little ones and look forward to a year filled with growth, discovery, and joyful moment.
