

As a passionate and dedicated educator with over 6 years of experience in teaching, I, Ms. Tanvi Raut, have always been driven to create a supportive and inclusive learning environment that fosters the growth and development of my students. With a strong educational background, including a Diploma in Elementary Education (D.Ed) from SDT Kalani College Memorial Trust and a Science stream background, I possess a deep understanding of curriculum development and implementation. My extensive teaching experience has equipped me with the skills and expertise to design and deliver engaging lesson plans, assess student progress, and provide targeted support to ensure each child reaches their full potential.

Throughout my teaching journey, I've developed a unique approach that combines modern teaching aids and technology with traditional methods to create engaging and interactive learning experiences. My expertise lies in crafting lesson plans that cater to the individual needs of my students, ensuring that each child receives the attention and support they require to thrive. As a skilled educator, I bring excellent organizational and time management skills, fluency in spoken English, and a strong ability to connect with students, making me an effective communicator and mentor.

Beyond my teaching responsibilities, I'm passionate about dancing, choreographing, and music. I've completed four grades in Bharatnatyam dance and have a professional background in dancing and choreographing. This creative outlet not only brings me joy but also allows me to express myself in new and innovative ways. As an educator, I believe that creativity and self-expression are essential components of a well-rounded education, and I strive to incorporate these elements into my teaching practice.

My key strengths and personal traits enable me to excel as an educator. I am easily adaptable to new workplaces, a team player with a positive attitude, and have a desire to learn from my surroundings. I accept challenges with a positive attitude, possess a high energy level, and am an enthusiastic learner. I am ready to accept challenges and work towards achieving goals, tough-minded with excellent interpersonal skills, and maintain good relationships with colleagues and students.

In everything I do, I strive to inspire and empower my students to be their best selves. Remember, #BeYou!
